

Native Wildflower
Perennial

COMMON YARROW

- *Achillea millefolium*
- Zone 3-8
- H 1-1.5' x W 1.5-2'
- Full Sun
- Blooms June-July
- White Flower

Native Wildflower
Perennial

LAVENDER HYSSOP

- *Agastache foeniculum*
- Zone 4-8
- H 1-3' x W 1-1.5'
- Full Sun to Part Shade
- Blooms July-September
- Purple Flower Color
- Self-sows on open soil

Native Wildflower
Perennial

COLUMBINE

- *Aquilegia canadensis*
- Zone 4-8
- H 1-2' x W 1-2'
- Full Sun to Full Shade
- Blooms May-June
- Red Flower
- Dry to medium soils

Native Wildflower
Perennial

JACK IN THE PULPIT

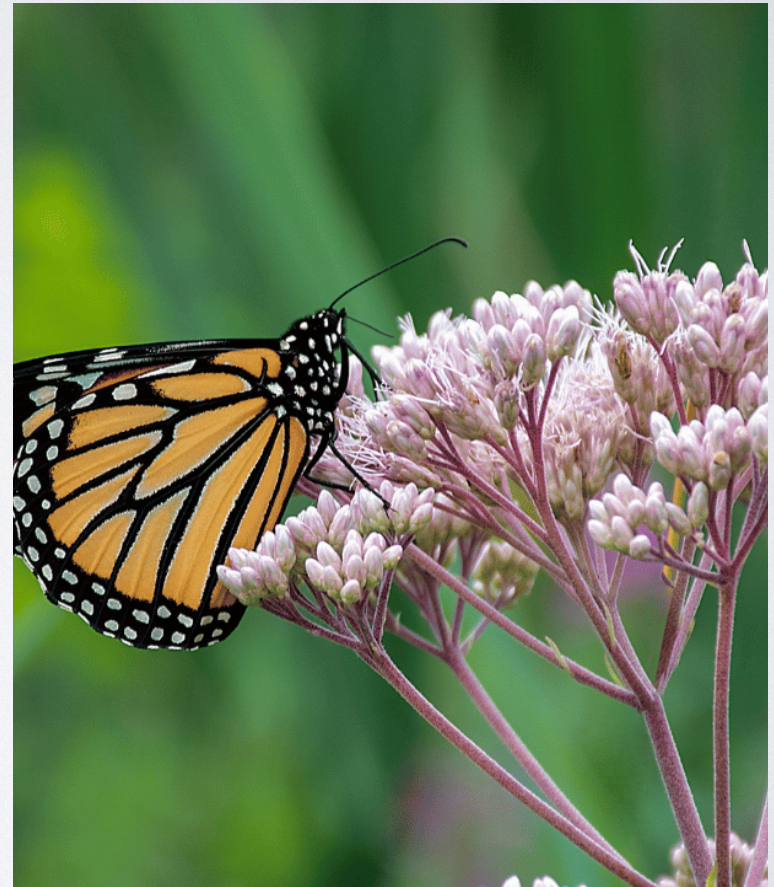

- *Arisaema triphyllum*
- Zone 3-8
- H 16-20" x W 12-15"
- Part Shade to Full Shade
- Blooms May-June
- Green-Brown Flower Color

Native Wildflower
Perennial

PRAIRIE MILKWEED

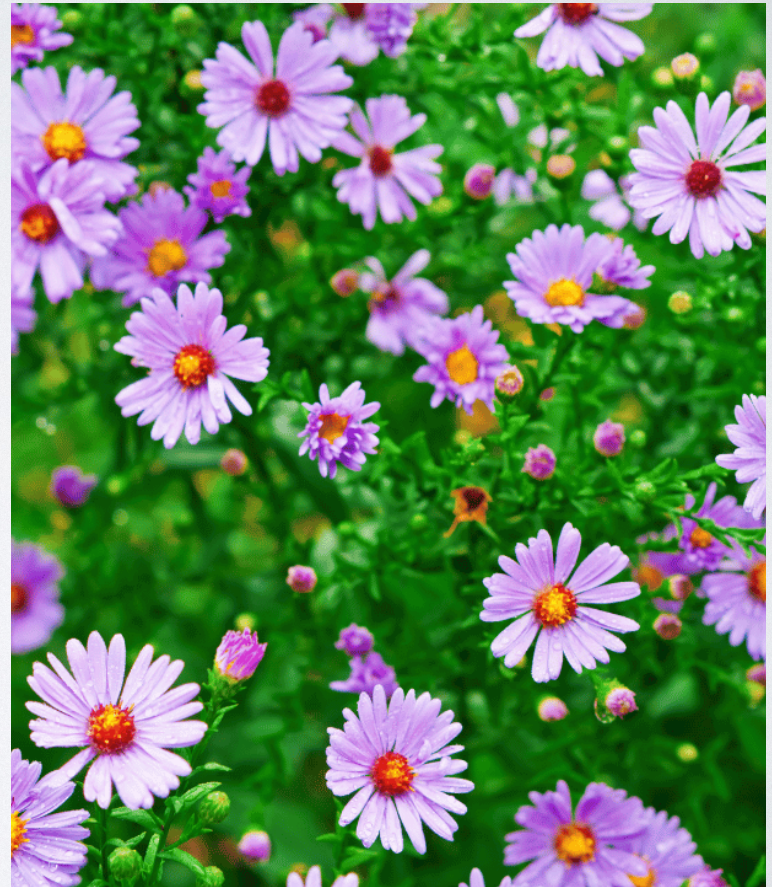

- *Asclepias sullivantii*
- Zone 4-8
- H 2.5-3' x W 1.5-2'
- Full Sun
- Blooms June-August
- Pink Flowers

Native Wildflower
Perennial

SMOOTH ASTER

- *Aster laevis*
- Zone 4-8
- H 2-4' x W 1.5-2'
- Full Sun
- Blooms August-October
- Grows in almost any soil

Native Wildflower
Perennial

BLUE FALSE INDIGO

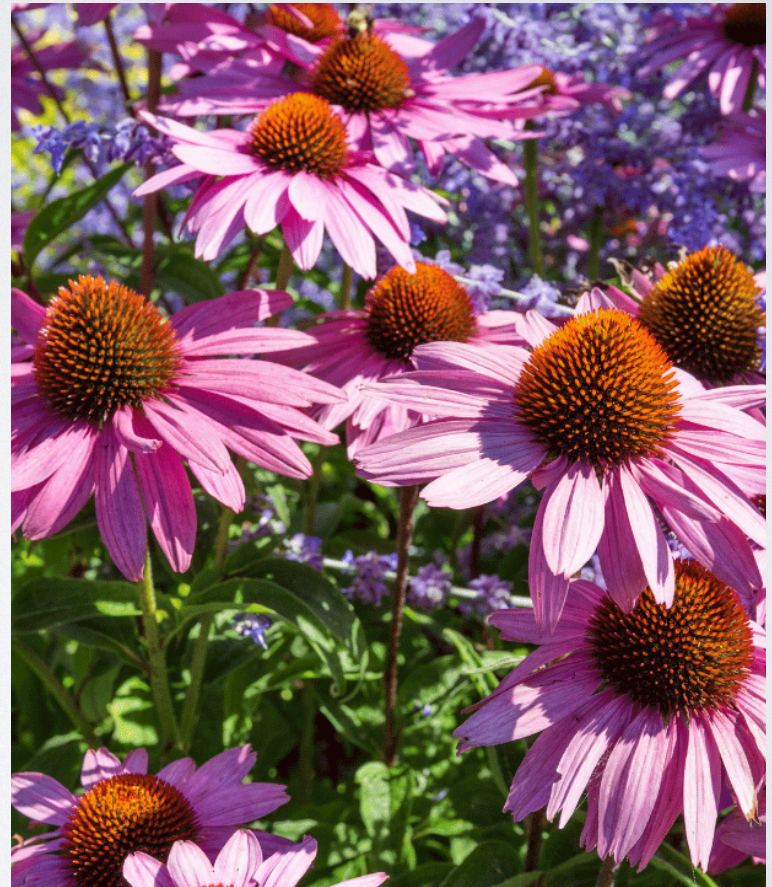

- *Baptisia australis*
- Zone 4-8
- H 3-4' x W 3-4'
- Full Sun to Part Shade
- Blooms June-July
- Blue Flower Color
- Long lived, medium to moist soils

Native Wildflower
Perennial

PURPLE CONEFLOWER

- *Echinacea purpurea*
- Zone 4-8
- H 3-4' x W 1.5-2'
- Full Sun
- Blooms July - September
- Purple Flower Color

Native Wildflower
Perennial

JOE PYE WEED

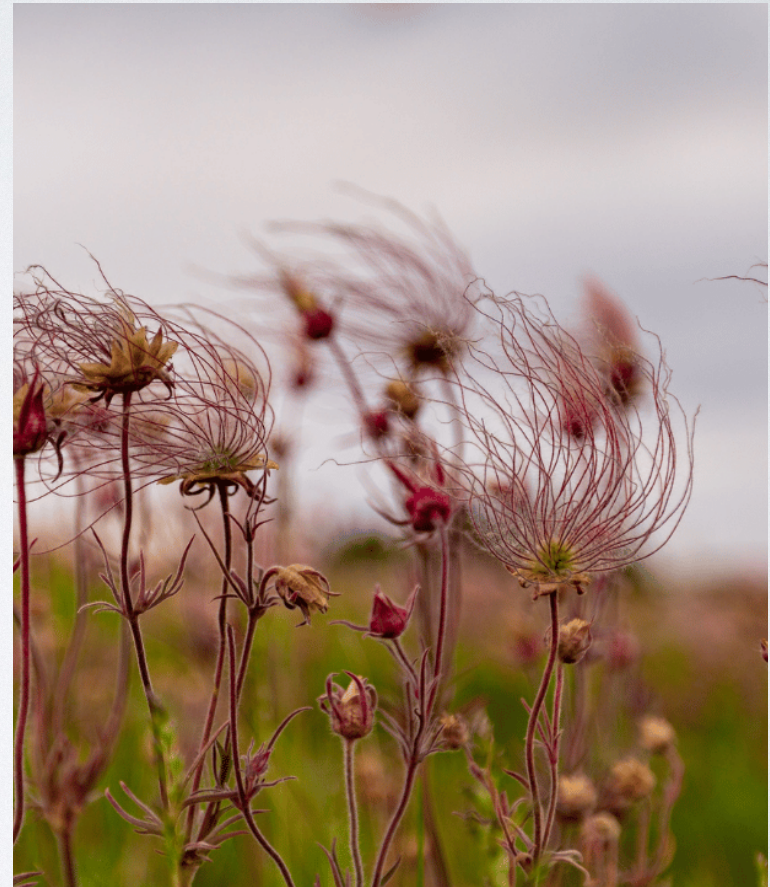

- *Eupatorium maculatum*
- Zone 3-8
- H 4-6' x W 2.5-3'
- Full Sun to Part Shade
- Blooms August-September
- Pink Flower Color
- Great for attracting late season butterflies

Native Wildflower
Perennial

PRAIRIE SMOKE

- *Geum triflorum*
- Zone 4-8
- H 8-10" x W 12-18"
- Full Sun
- Blooms May-June
- Pink Flower Color
- Ground cover that grows well in dry soils

Native Wildflower
Perennial

COMMON OX-EYE

- *Heliopsis helianthoides*
- Zone 4-8
- H 4-6' x W 2.5-3'
- Full Sun
- Blooms June - September
- Yellow Flower Color

Native Wildflower
Perennial

MEADOW BLAZINGSTAR

- *Liatris ligulistylis*
- Zone 4-8
- H 3-5' x W 1-2'
- Full Sun
- Blooms August-September
- Reddish Purple Flower Color

Native Wildflower
Perennial

PRAIRIE BLAZINGSTAR

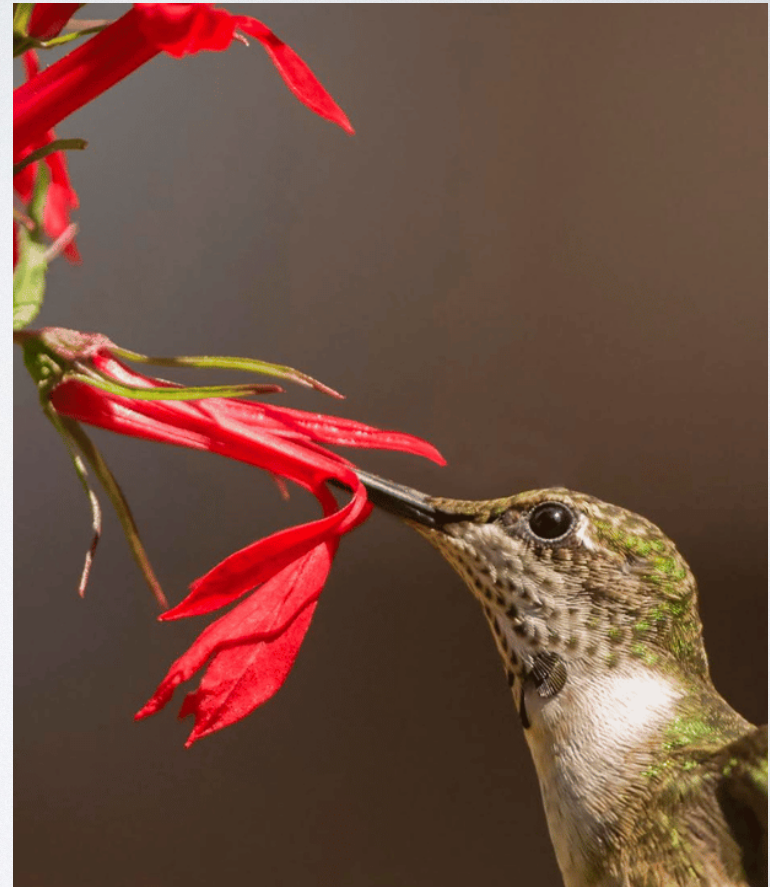

- *Liatris pycnostachya*
- Zone 4-8
- H 3-5' x W 1-2'
- Full Sun
- Blooms August-September
- Purple Flower Color

Native Wildflower
Perennial

CARDINAL FLOWER

- *Lobelia cardinalis*
- Zone 3-8
- H 2-4' x W 1.5-2'
- Full Sun to Part Shade
- Blooms July-September
- Red Flower Color
- Excellent for attracting hummingbirds

Native Wildflower
Perennial

LUPINE

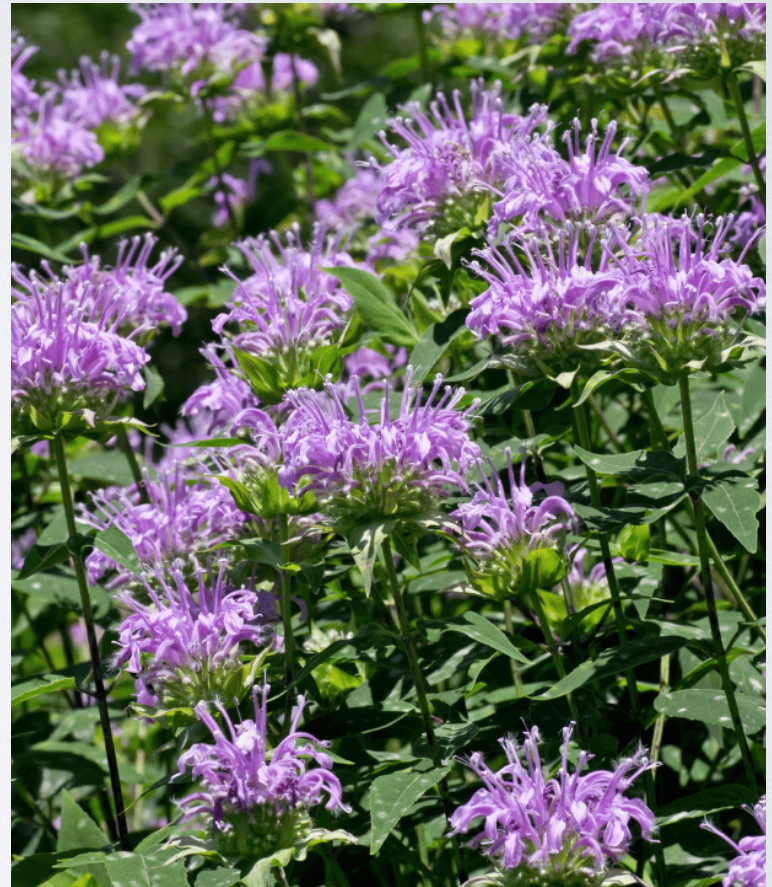

- *Lupinus perennis*
- Zone 4-8
- H 1-2' x W 10-16"
- Full Sun to Part Shade
- Blooms May-July
- Blue Flower Color
- Does well in dry soils

Native Wildflower
Perennial

BEE BALM / BERGAMOT

- *Monarda fistulosa*
- Zone 3-8
- H 2-4' x W 1.5-2'
- Full Sun to Part Shade
- Blooms July-September
- Lavender Flower Color

Native Wildflower
Perennial

STIFF GOLDENROD

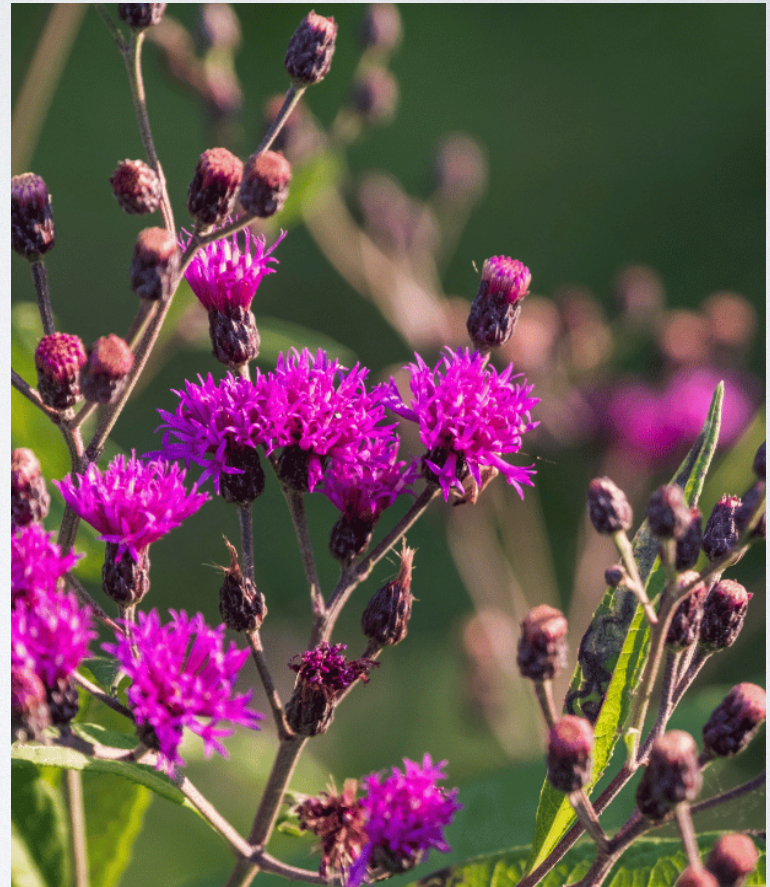

- *Solidago rigida*
- Zone 4-8
- H 2-3' x W 1.5-2'
- Full Sun
- Blooms August-October
- Yellow Flower Color

Native Wildflower
Perennial

IRONWEED

- *Veronia fasciculata*
- Zone 4-8
- H 4-6' x W 2-3'
- Full Sun
- Blooms July-September
- Purple Flowers

Native Wildflower
Perennial

CULVERS ROOT

- *Veronicastrum virginicum*
- Zone 4-8
- H 3-5' x W 1.5-2'
- Full Sun to Full Shade
- Blooms July-August
- White Flowers

LITTLE BLUESTEM

- *Schizachyrium scoparium*
- Zone 3-8
- H 2-3' x W 1.5-2'
- Full Sun
- Blooms August-October
- Purplish Flower Color

SWITCHGRASS

- *Panicum virgatum*
- Zone 3-8
- H 3-5' x W 2-2.5
- Full Sun
- Blooms August-September
- Yellow-Green Flower
